Car seat clinic is October 8, 2011 from 9am-1pm at City Hall building on Griffith Drive

Regarding the Pedestrian detail project that the police department has been working on; they set up at 12th Street/Hall Blvd. During their 4 hour shift they stopped 36 people for failure to stop for pedestrians; of those 36 people:

14 people were uninsured motorists

3 were on cell phones

1 had a suspended license

1 had no license

8 people were issued warnings

First set of "neighborhood" postcards to go out to the Murray Hill/Timberland area in the South Beaverton letting folks know that there is excessive speeding and stop sign issues in their neighborhood to get folks to slow down and be cautious.

There were questions regarding pedestrians crossing the street when a vehicle wants to turn right. You must remember that the law is "curb to curb" for pedestrians before proceeding through crosswalk with your vehicles; but, pedestrian needs to be in the street to yield.

Summer has been slow with regards to crimes this year.
